Subject: RE: Rule Package 5 DRAFT for EPA Review

Hi Quintin,

Thank you for sending this out for review. As you're likely aware, the court stipulation governing our progress on the rule package requires us to submit the final rule language (along with the economic impact assessment) to the Natural Resources Board by the end of the month. Due to scheduling within the department, this is an effective due date of 6/21.

If EPA is able to send us written comments by June 9, as we discussed during our last call, that would allow us time to most effectively consider and incorporate EPA's comments into our finalized rule language.

Again, we appreciate you all taking the time to look over the draft, and I apologize for the short time window.

Thanks Jason for sharing Rule Package 5 Draft for EPA review. EPA will review the "Draft" and provide written response for WDNR review. We are scheduled for a one hour meeting to discuss Rule Package 5, on June 15, 2016 from 10:00 am -11:00 am (CT). I will coordinate efforts/review of Rule Package 5 Draft internally to ensure EPA review is complete ahead of the call. If you have any questions, contact me at (312) 886-0135.
